Dear Marty,

Like Norman and Ethel Thayer, it's time for us to say  
our goodbyes to "Golden Pond".

Speaking for our cast and crew, I want to tell you  
what an enjoyable summer we've all had while working in  
New Hampshire. Many of us had never visited the state, and  
were truly touched by its beauty and the friendly people  
we've encountered.

We thank you for having us in New Hampshire, and for  
your help in making the show go so smoothly. Let's do  
it again.

Sincerely,

*James Rosenfield*
